Consultations

- All consultations are carried out in person with patients/clients, by qualified personnel in the privacy of the consultation/treatment room.
- Records of all consultation and treatments are kept in patients' notes
- At the initial consultation, a medical history will be taken and an outline of the problem the patient presents with. They will be given information on any planned procedure and all alternatives will be discussed, and consent obtained prior to commencement

Patient/Client Records

The details of patients/clients are taken at the initial consultation which also form part of the patient/client records.

Information provided to the Patients/Clients

This practice ensures that information provided to patients/clients and prospective patients and their families/carers is accurate and that any claims made in respect of services are justified. This is in the form of a Patient Information Leaflet.

Treatment of Children

We do provide treatment for children. We will expect minors to be accompanied to the practice by their parents.

Consent

- The practice operates a consent policy which will be advised at the first consultation.
- Patients have the right to make their own decisions regarding medical treatment and care. Prior to the commencement of treatment, patients will be required to sign a form of consent
- Consent to treatment must always be given freely and voluntarily by a person capable of making decisions regarding the treatment. Those with a learning disability should be accompanied by a parent or guardian who will sign the consent form on their behalf

Patient Surveys

- The practice will seek to obtain the views of its patients/clients and use these to inform the provision of treatment and care of prospective patients.
The Patient Information Leaflet itself is always readily available to patients/clients and copies are available in the waiting room and reception
- It is the policy of this practice also to carry out random patient surveys to seek the views of our patients/clients as to the quality of the treatment and care provided by our personnel

Privacy and Dignity of Patients

The privacy and dignity of patients are respected at all times. This practice has a policy of patient confidentiality and all information and records are kept safe and confidential. There are facilities for patients to have private conversations with the clinical and reception staff.

Checklist for Consultation

- We will explain the procedure to the patient and give them an opportunity to ask questions. We will explain what we are doing at each stage of the procedure
- If a chaperone has been present, we will record the identity of the chaperone in the notes and any other relevant issues or concerns immediately following the consultation

Complaints Procedure

- This practice operates a complaints procedure as part of its dealing with patients' complaints which complies with the 'Putting things Right' document
- Patients are asked that in the event of any complaint, to speak directly or write to their dentist. Patients who require further advice regarding the complaints process should direct their enquiry to Emma Davies who, when applicable, will recommend the services of an independent advocate. A copy of the complaints process is held in the waiting room

What we shall do

Our complaints procedure is designed to make sure that we settle any complaints as quickly as possible. We shall acknowledge complaints within two working days and aim to have looked into the complaint within 10 working days of the date when it was raised. We shall then be in a position to offer an explanation or a meeting as appropriate. If there are any delays in the process we will keep the complainant informed.

When we look into a complaint, we shall aim to:

- Find out what happened and what, if anything, went wrong
- Make it possible for the complainant to discuss the problem with those concerned
- Identify what we can do to make sure the problem does not happen again
- At the end of the investigation the complaint will be discussed with the complainant in detail, either in person or in writing

Complaining on behalf of someone else

The rules of medical confidentiality will be adhered to if the complaint is received on behalf of someone else. A note signed by the person concerned will be required, unless they are incapable (e.g. because of illness) of providing this to allow the complaint to be investigated. If the complaint is not resolved to the patient's satisfaction, the patient will be advised to write (as appropriate) to:

- The Dental Complaints Service (for Private Care and Treatment)
